### **Additional Savings Options for Our Care Entree Members**

Knowing that many of our members travel and are at risk when things go wrong, and also want to save in other areas, Care Entree also offers a Travel & Leisure Package that gives you a lot of savings for only \$16.95 per Month.

This package includes:

Emergency Roadside Assistance, where you can call a toll free number 24 hours a day anywhere in the U.S. and get towing assistance or other repairs at a lower rate.

The program also comes to the rescue when you have auto repairs (up to \$500) that result from a traffic accident and aren't covered by your regular auto insurance.

A Tire and Wheel Guarantee is also included that covers up to \$1000 when your tires or wheels are destroyed by road hazards such as potholes or falling debris.

The Emergency Travel/Living Expense Reimbursement also comes into play when you are traveling 100 miles or more from home and have an auto accident and can't get home. It will help you pay for transportation to get you home or for hotel expenses if you need to wait for your car to be fixed. This reimbursement covers up to \$500 in expense of this type.

A Savings Spree Coupon Book and the Universal Values coupons will be provided to each person who chooses this package. This book will provide you with valuable savings on car rentals, flowers, and some food and retail establishments.

A \$300 Grocery Coupon Certificates Book is also part of the package. You'll be able to choose which grocery coupons you want, so this will be worth every penny to you.

For those who have pets, the Pet Assure program is also included and includes savings on veterinary care, pet supplies and grooming. You'll also get special ID tags for your pets to help you locate them if they get lost.

Air Ambulance service is the final element of this program. If you're traveling over 100 miles away from home and you have an emergency situation that the local hospital can't treat, you'll be able to get the air ambulance service to take you to the nearest hospital that can treat you at no cost to you. This can be a major expense if you need it, so this is a real money saver.

IdentityShield - Personal Identity Theft Guardian. According to research, one out of every five Americans has their identity stolen once in their lifetime. Learn from the experts at IdentityShield how to deter criminals from stealing your identity. The program also provides tangible assistance via live counseling lines, helpful claims kits, and indemnified insurance benefits for expenses in the event that you have become the victim of identity theft. The package also includes a credit card registration program giving you one point of contact to cancel and re-issue cards if needed, providing added security in an insecure world.
